PROFESSIONAL SUMMARY

Performance marketer with 2+ years of experience running Google Ads, Meta Ads, SEO, and content campaigns for local businesses, education institutes, and travel brands. Delivered a 40% increase in admission inquiries, 63% seat occupancy in one admissions cycle, 15-20% growth in travel bookings within 3-4 months, and 35-40% growth in delivery orders through targeted, data-driven campaigns. Uses AI tools (Claude, ChatGPT, Perplexity) to speed up research, content, and workflow. Also builds simple web apps through AI-assisted "vibe coding" (Antigravity, VS Code, GitHub) and creates marketing posters and creatives using AI image generation tools. BBA graduate.

EXPERIENCE

Digital Marketing Executive

Feb 2025 - Feb 2026

UIMT College, Dehradun

- Increased admission inquiries by 40% and achieved 63% seat occupancy in one admissions cycle through targeted SEO and social media campaigns.
- Produced reels and creative content that strengthened brand recognition on Instagram and other channels.

Freelance Digital Marketer

2024 - Present

Rishikesh Nomads, Independent Clients

- Built the full digital presence for Rishikesh Nomads, including SEO, Instagram growth, and AI-assisted content, driving 25-30% engagement growth since 2024.
- Built and marketed the Uttarakhand Travel App as an AI-assisted (vibe coding) project, later sold the app to Rishikesh Nomads.

Freelance Digital Marketer

2024 - Present

Bansal Travels

- Ran SEO and Google Ads campaigns for Bansal Travels to drive tour bookings, increasing travel agency sales by 15-20% within 3-4 months.

Marketing Executive

Oct 2023 - Nov 2024

Jaideep Restaurant, Dehradun

- Worked as an offline marketer, running on-ground promotions and hyperlocal outreach that grew delivery orders by 35-40%.
- Managed Google My Business presence to improve local search visibility.

PROJECTS

Uttarakhand Travel App (Sold to Rishikesh Nomads)

- Community-driven travel platform with posts, likes, comments, and saves. Built using AI-assisted "vibe coding" tools and deployed on Vercel; later sold to Rishikesh Nomads.

Personal Marketing Portfolio

- Designed and deployed a personal portfolio site showcasing case studies, services, and measurable client results, built with the help of AI-assisted coding tools including Antigravity, VS Code, and GitHub.

AI-Generated Poster & Creative Design

- Shifted client poster and creative design workflow to AI image generation tools, reducing turnaround time on marketing creatives.

SKILLS

Marketing and Advertising: Google Ads, Meta Ads, SEO, Google My Business, Google Search Console, Hyperlocal Marketing, Offline/On-Ground Marketing, Copywriting

Content and Design: Canva, Photoshop, Premiere Pro, AI-Generated Poster Design

AI Tools: Claude, ChatGPT, Perplexity

AI-Assisted App Building (Vibe Coding): Building and deploying simple web apps (React, Vercel) using AI coding tools such as Antigravity, VS Code, and GitHub; no traditional programming background
